Thanks James for putting this together. I was finally able to connect with USDA today and I wanted to relay some ideas we discussed on the phone related to possible financing options. Also I'd like to get everybody's input as to useful topics to present to the Tribal Council. Would you be available either tomorrow or Thursday for a short call? I'm relatively free both days. We can also tie in Tim as well.

Thanks,

Emmanuelle

Tim said that he can inform the council tomorrow about the request for a slot on September 6th or 7th. I will let you all know when it is confirmed that we are on the agenda for the meeting.

Thanks,
James

Tim,

FYI. We are looking into scheduling a spot for the Tribal Council Meeting. Jesse, Emmanuelle, and I are available on Sept 6th or 7th. Brad will not be attending, but I am copying him for his reference. We have a new Tribal Utility Consultant named Jacob Hess that works with Brad and may attend. We would only want to schedule a day where you could be in attendance or presenting with us. Please let me know if that day works for you. If so, I will request for a 10 to 15 minute time slot for one of those days.

The items for the presentation would be a brief history of the HAMP, current HAMP project status, and the next steps. I can write out some specific topics to present from the IHS side. I will send out the draft of that soon.

Emmanuelle, please let me know if there are some specific topics that you would like to present on.

Thanks,
James

I asked the Hopi Tribal Council receptionist when the next meetings are coming up. The tentative dates are likely

- September 5th – 7th
- September 18th – 21st
- October 2nd – 5th
- October 23rd – 26th

All of these weeks work for me. If I send out the request letter to be put on the agenda today, then I hope to get a confirmation in a few weeks. I realize that the first week of September may be a little too soon for Emmanuelle to make travel arrangements. How does the week of September 18th sound to everyone?

Thanks,
James
